

SWEEPERS

512 E / 712 E

PowerBrush

Main brush with special "V" shape, allows maximum performances of debris collection.

PowerFilter

Dust microfiltration up to 3 micron through special panel filter.

LDC

Special flap activated from driver's seat for large debris collection (optional).

Easy Dump

Great ease of manual discharge.

Ergonomics

Easy to use thanks to intuitive commands.

NoTools

Filter maintenance without tools.

Exclusive technologies and motorisations

Battery

Extremely large battery compartment. Available with non maintenance Gel type **Power Battery** batteries and **BLS** standalone charger that includes **TCL** technology, allowing best recharge management of batteries that can double battery life time.

Combustion (Petrol)

Available with petrol powered motorisation. The endothermic motor is connected directly to the different machines functions. Recoil starting system.

SSC - Carpet cleaning (optional)

System (*Soft Surface Cleaning*) that combines sweeping know how and carpet cleaning needs, offering important environmental and economic benefits.

- Extremely productive and silent
- It increases the time between periodic carpet cleaning

SWEEPERS

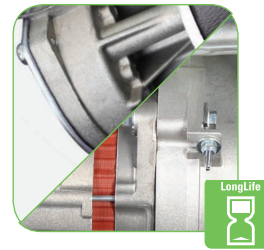

Manual filter shaker that can be activated directly from driver position. Electric filter shaker as optional equipment.

Filter replacement without tools.

Easy to use thanks to intuitive commands.

Great quality motors, equipped with preventive protection systems.

Bonnets made with rotational technology, very impact resistant.

Main technical characteristics

Power supply on different versions

- **Battery:** 12 V (512) e 24 V (712) systems
- **Petrol:** Honda 4 HP motor integrated with 24 V 40 A generator

Traction

- **Battery/Petrol:** clutch system on rear wheels axis

Filtering system

- **Standard filter:** panel type
- **Optional filters:** panel type in washable polyester

Other characteristics

- Polypropylene standard brushes
- Main brush pressure adjustment
- Parking brake
- Carpet version (*) equipped with pre-filter for finest dusts and no-marking rear wheels
- On board battery charger

Easy maintenance

Easy access to internal compartments and to all components simply tilting top cover. The machine can be vertically tipped without difficulty for lower chassis maintenance.

Control panel

Protected and waterproof controls which can be easily activated. Hour counter available as optional.

Code	Model	Sweeping width (mm)	Main brush width (mm)	Productivity (max speed) (m ² /h)	Waste hopper (l)	Filtering surface (m ²)	Power supply	Max speed (Km/h)	Weight net (Kg)	Dimensions (LxWxH) (mm)
3.122.010	512 E *	700	500	2450	50	2	1x 12 V - 95 Ah (C5)	3.5	78	1225x753x903
3.122.030	712 E *	900	700	3150	65	3	24 V (2x12V) - 95 Ah (C5)	3.5	93	1225x943x903

Note : as standard supplied without batteries and batterycharger (see on p.28 -29)

Example of accessories on request
